

PPP Application Deadline Extended

Dear Valued Client,

On March 30, 2021, President Biden signed into law the PPP Extension Act of 2021, extending the deadline to apply for a loan under the Paycheck Protection Program from March 31, 2021, to May 31, 2021. The SBA was also provided with an additional 30 days after May 31 to process applications that are still pending.

The PPP has provided critical relief for millions of businesses since its inception under the CARES Act back in March of 2020. Struggling employers now have an additional two months to take advantage of this program.

For more information on the Paycheck Protection Program, visit www.sba.gov as well as the [Viventium Coronavirus Update Center](#).
