

## **[Upcoming Webinar] Finishing with Forgiveness: A Hands-On PPP Workshop**

Dear Valued Client,

You've read the rules, the instructions, and the websites. You've reviewed the terms and kept up with the legislation. You've collected your reports from your payroll provider. But now, you sit down at your bank's PPP forgiveness portal – and you draw a blank.

- Do I use pay dates or worked dates in determining which payroll runs count as PPP costs?
- If I have a wage reduction because of reduced employee headcount, how can I avoid being penalized twice?
- What is the new rule about a direct SBA forgiveness portal that can allow me to bypass my bank?
- Do I still have to prove revenue reduction to get forgiveness for my Second Draw loan?

If you identify with any of the above, join us for our webinar [Finishing with Forgiveness: A Hands-On PPP Workshop](#) on **Thursday, August 19, from 1:00-2:00 PM ET**, for a lively, hands-on guide to finishing your forgiveness process.

In Q&A format, PPP compliance expert Yonina F. Shineweather, CPA, will explain the answers to the above questions and many, many more. Training guru Michael Baiano will demo how to use Viventium's PPP reports to extract your forgiveness data.

### **Who is this webinar for?**

Any employer with a PPP loan, no matter what size, who has not yet submitted a forgiveness application.

### **What will you walk away with?**

A clear understanding of the practical steps to finishing your PPP process with forgiveness.
