

## **[Webinars] Forgiveness in 2021: How the Economic Aid Act is Changing PPP**

Dear Valued Client,

The Economic Aid Act signed on December 27, 2020, reopened the SBA's Paycheck Protection Program – and made significant changes to the forgiveness process.

Viventium continues to deliver the insight and hands-on analysis you need to maximize your grant amount while complying with the SBA's complex forms, rules, and guidance.

If your 1<sup>st</sup> or 2<sup>nd</sup> draw loan will be more than \$150,000, please join Viventium's own Yonina F. Shineweather, CPA, for our webinar on **Tuesday, February 2, from 12:00-1:00 PM ET**, for a step-by-step guide to completing Forms 3508, Schedule A, and the Worksheet.

You'll learn:

- What the new key dates are for your forgiveness calculations;
- How headcount and wage reductions can jeopardize your forgiveness – and what safe harbors can protect you;
- Which conflict between the forgiveness form and the SBA rules may impact your forgiveness amount; and
- How payroll cost limits for owner-employees are changing.
